If you wish to avail of your free meal please make sound check. The kitchen stops for band food after sound check at 8pm. This gives you time to digest food before your performance.

Please send Matthew your stage plan and tech spec as soon as possible. If you are using any of our backline please notify him. Giving us as much information as possible will ensure the smooth running of your gig. It is possible for us to multitrack your performance. There is a fee for this, please talk to Matthew about this
